

WHAT KIND OF LEARNER ARE YOU?

WHAT YOUR SCORE MEANS

If most of your answers are A,

then your modality strength is visual. In other words, you learn through seeing things and you like everything to be written down on paper. In a classroom, having notes and the use of visual aids will help you.

If most of your answers are B,

your modality strength is auditory. In other words, you learn through listening. In a classroom you will want to hear the new language and listening to music could well be helpful.

If most of your answers are C,

your modality strength is kinesthetic. In other words, you learn on the move or through movement. Sitting passively in a classroom is unlikely to appeal to you but you'll probably respond well to the use of games and role play.
